- Roll a die and move that many spaces around the board.
- When you land on a space, read the question aloud.
- Find and read aloud the matching number in the centre grid.
- Say the answer. If correct, place a counter on that space on the grid.
- If the space already has a counter on it, answer the question and place your counter over the existing counter. Both your counter and the existing counter can be used to form 4 in a row.
- The winner is the first player with 4 spaces covered in a row.

1. Player 1 rolls the die and moves forward on the board.
2. Player 1 must place a counter on a number in the centre of the board that answers the equation on the square.
3. If the answer is not found, Player 1 returns to previous square.
3. The "Monster" squares can be used as a substitute for any number.
4. Play continues until a player has counters on 4 squares in a row (horizontal, vertical or diagonal) on the centre board.

**HOW TO PLAY:**

1. Roll a die and count that many spaces forward. Read the 24-hour time aloud.
2. Place your counter over the matching 12-hour time in the centre of the board.
3. If a counter is already covering the 12-hour time, replace the counter with your own counter.
4. Keep moving around the board until one player has covered four (4) 12-hour times in a row. Rows can be vertical, horizontal or diagonal.
